Hi all -

I sent this note to Tom on Friday, before I knew he would be away for a couple weeks. I'd be happy if any of you were interested in reading this EPA draft document on the Bay-Delta. If so, feel free to call me.
Thanks. - Karen

Hi Tom -

I'm finally able to share with you the document that wraps up our ANPR analysis. You may find it quite ant-climactic but I am interested in your feedback - is there anything that you do or do not like in what we say? Would you prefer we say anything differently?

Feel free to share with others at the Board. No one outside EPA has seen this yet. Thanks! - Karen

p.s. you'll see there are a few appendices which I do not include here. I am still editing these. Much of Appendix I has been shared with relevant staff at the Central Valley and SF Bay Boards.
